Phase Deliverables Breakdown

Payments are tied explicitly to the approval of the following structural deliverables:

Phase 1: Kickoff & Layout Planning

₹7,000 (35%)

Prerequisite: Due upfront prior to design initialization.

Purpose: Reserves time blocks and funds the research framework.

DELIVERABLES INCLUDED:

- Client briefing, requirement analysis, and objective mapping.
- Sitemap formulation (finalizing page architecture).
- Wireframe plans or mood board asset compilation.

Phase 2: Visual UI & Frontend Creation

₹7,000 (35%)

Prerequisite: Due immediately following UI layout sign-off.

Purpose: Locks down the exact visual appearance of the custom site.

DELIVERABLES INCLUDED:

- High-fidelity website mockup UI screens (desktop and mobile responsive views).
- Interactive layout review via private staging links or design shares.
- Core frontend system structures assembly.

Phase 3: Integration, Content & Deployment

₹6,000 (30%)

Prerequisite: Due after preview approval, before launching on public domains.

Purpose: Concludes deployment setups and transfers system ownership.

DELIVERABLES INCLUDED:

- Full system builds with content copy population and dynamic forms setup.
- Responsive site cross-browser QA debugging checklist validation.
- Admin training handoff basics (updating images, blogging, or modifying text).
- Production server deployment and active custom domain linking (.in, .com, etc.).

Freelance Security Terms: Under no circumstances will admin credentials be sent or domain names pointed to live production servers until the final Milestone 3 payment (₹6,000) is fully received, cleared, and verified via UPI or Bank Transfer.
